Cyber Monday is to online shopping what Black Friday is to retail stores, a day when unbelievable prices and special deals are available on thousands of products. BuyOnlineNow is expanding their already extremely successful Holiday Office Supply Sale to include free shipping on all office supplies, office products and office furniture no matter how much they cost.

It has become a type of holiday tradition in America for shoppers to get up early in the morning on the Friday after Thanksgiving to go to retail stores looking for deals on what is now known as "Black Friday." People will wait in line for hours in the cold to get one day only discounts that can take literally hundreds of dollars off the original price for items. Most stores have a limited amount of sale items and once they are gone, the sale is over. "Black Friday" also symbolizes the beginning of the Christmas shopping season which is the American retail industry's most profitable time of year.

As more and more people are turning to the Internet for their shopping needs, it was only a matter of time until online shopping had its own version of Black Friday. Thus, Cyber Monday was born, and happens on the Monday after Thanksgiving. The idea of Cyber Monday is intrinsically the same as Black Friday, in that online stores and shopping outlets offer very special, limited time-only deals on tons of their products. Cyber Monday has been steadily gaining in popularity as many people see the benefits in shopping from the comfort of their home, and don't see a need in getting up early and battling the weather and crowds to find the best deals.

www.BuyOnlineNow.com has already begun their Holiday Sale in which over a thousand office supplies and office products are currently on sale. They also are running a special sale on Fellowes commercial paper shredders in participation with Fellowes. Now, in order to provide their customers with even more incentive to shop with them, BuyOnlineNow will be, starting on Cyber Monday, offering free shipping on every single order placed with them. Normally, only orders over \$99 would ship for free, but to keep with the Cyber Monday tradition in providing special deals to shoppers, all orders will ship for free no matter what the total price is. Also, BuyOnlineNow will be extending their Cyber Monday deal for an entire week, so any office supply order placed between December 1st and December 7th, 2008 will ship for free.
