

Marvel Office Furniture - Made in the U.S.A.

Contributed by JJewell

Marvel Office Furniture opens a new door in relaxing, practical office furniture. Proud to be American made, Marvel furniture makes tackling your daily tasks comfortable and rewarding. Marvel furniture is equally at home in the most upscale office complex or in the basement of a startup company with only one employee. Marvel offers complete workstations in U and L shaped configurations to fit with most user's needs. Desks and accessories can also be purchased separately for those who would like to further customize the sizes, making Marvel a very user-friendly brand of office furniture.

All Marvel furniture is shipped directly from the manufacturing facility in Chicago, which as a result leads to incredibly low prices. Marvel proudly utilizes a Unionized workforce making it one of the safest and most productive office furniture lines in America.
